

EDICOM e-Invoicing

Relevant for Mexico, Colombia,
Ecuador and Peru

Jan 2021

Benefits

- ✓ **Instant invoice validation** → Get notified of errors earlier, resulting in fewer invoice exceptions
- ✓ **Expedited payment processing** → No more manual checking means we can process your payments more quickly when due from the date of receipt
- ✓ **Global tax compliance** → An e-invoice is a digitally-signed tax document that can be used to reclaim VAT, unlike a PDF

How to register and transact

If you are an Upfield supplier based in one of the below listed countries and transact with an Upfield Local entity in that country, then you should register for electronic invoicing via the link below. If you do a cross-border transaction, then you should submit your invoice via email/post – click [here](#) to know where to send your invoice.
