

Statement by the Directors in performance of their statutory duties in accordance with s172(1) of Companies Act 2006

We recognise the importance of our wider stakeholders in delivering our strategy and business sustainability. We are conscientious about our responsibilities and duties to our stakeholders under section 172 of the Companies Act 2006.

The customers

We continue to focus on providing customers with quality products at competitive prices.

The employees

We want the Company to be a great place to work, where employees are empowered to make decisions and can develop their skills and capabilities to serve our customers' needs.

The communities

Our products, services and people are beneficial to the communities in which we operate. Our place at the heart of our communities also makes it important that our business practices are ethical and transparent.

The environment

Our products, supply chain and operations all have an impact on the environment. We believe that, as a general matter, our policies, practices and procedures are properly designed to prevent unreasonable risk of environmental damage, and of resulting financial liability, in connection with our business.

The shareholders

We continue to create long-term, sustainable value for our shareholders, by investing in our competitiveness in our chosen markets.

The suppliers

We continue to strengthen the partnerships we have with our suppliers to deliver great quality products to our customers, at great value.
